20220 - DNA Pro+ Varsity Helmet

### Large Standoff Helmet Shell

#### DNA Pro+

One of the most recognizable helmets on any football field. It's large standoff helmet (like the ION 4D) that features maximum space for packing in more (and bigger) TPU Cushioning. That maximizes your performance and protection.

7890 - AiR XP  
Varsity  
Helmet

### Traditional Standoff Helmet

The AiR XP is a traditional standoff helmet, featuring that classic shape that so many players have grown up with. The AiR XP packs a lot of protection and performance inside the shell. The TPU Cushioning gives you the best of both worlds: football tradition with state-of-the-art protection and technology.

### Helmets Feature:

#### TPU Cushioning System

Thermoplastic Urethane (TPU) Cushioning (proven superior to traditional foam padding), better impact absorption, better heat management and better hygienics. TPU Cushioning won't take a compression set, won't break down and is resistant to mold, mildew, fungus and bacteria while providing a barrier against MRSA and staph concerns

#### Valve Attachment System

This new hook and loop attachment system locks the inflation valves into place. There's no more struggling to keep the valve aligned to the helmet shell.

#### AiR Maxx TPU Jaw Pads

Leveraging the same great technology from our helmet cushioning system, these new jaw pads from Schutt are standard on all our varsity helmets. Combining the protection of TPU with the comfort and fit of a soft, vinyl-covered jaw pad, the open sided AiR Maxx TPU jaw pads pull cool air into your helmet.

#### SUREFIT Air Liner

Schutt helmets are the most comfortable football helmets on the field. The secret behind their comfort and precision fitting is the exclusive SUREFIT Air Liner. The two-piece system features two inflation ports for the ultimate custom fit. It's made from a soft but durable material.

## NOTE:

### ION 4D • DNA Pro+ AiR XP

*All come equipped with TPU  
Cushioning system and  
Air Maxx Jaw Pads*
